WALKWISE

Road Safety Rules for Drivers, Pedestrians and Bicyclists

ONLY 20 MINUTES!

STAY ON SIDEWALKS.

If there are no sidewalks, walk on the side and facing traffic to see oncoming motorists.

BE ALERT AT ALL TIMES.

Keep your eyes and ears on the road and on what's happening around you.

ONLY CROSS WHEN TRAFFIC HAS STOPPED.

Look left, then right, then left again before crossing a crosswalk. Look out for cars making right hand turns.

Did you know...

In Florida, an average of 800 pedestrians and bicyclists are killed in car crashes every year?
