

Alert Today Alive Tomorrow

Pedestrian and Bicycle Safety Campaign

JOIN US

Join us as we launch the 2026 campaign.

This kick-off event aims to raise awareness, educate our community and partners, and promote a culture of safety for pedestrians and cyclists throughout our district.

10 a.m.

July 8, 2026

The Safety Team is seeking to improve our efforts, and who better to help us than our partners? During the kick-off, we're planning to ask you - our partners - for feedback on safety education, campaigns, enforcement and marketing. Let us know how to better reach our goals.

Join the meeting by clicking the link below.
